Index to Volume 15, Numbers 1-12

(January-December 1985)

© 1986 Springhouse Corporation, Springhouse, Pa. 19477

This index is arranged in two sections: the Subject section and the Author section. Subject headings are those used in the *Cumulative Index to Nursing and Allied Health Literature,* supplemented by the language style of *Nursing85.* An abbreviation in parentheses after the title indicates an editorial department (listed below). The month of issue and page number then follow.

Abbreviations used in this index are:

AD = Advice, p.r.n.
AN = Ambulatory Nursing
AS = Action Stat
BS = Book Sampler
CA = Clinical Applications
CEU = Continuing Education Units
CF = Confidentially
CO = Consultation
DB = Doing It Better
DP = Difficult Patients
IN = Innovations in Nursing
LL = Lessons from the Law
LT = Letters
ME = Medication Errors
MO = Moments
NGR = Nursing Grand Rounds
NN = Nurse's Notebook
PC = Pharmacist on Call
PG = Professional Growth
SH = Sharing
SK = Skillcheck
SM = Sex Matters
ST = Short Takes
TR = Trends
TT = Tips and Timesavers
